Information about Selected Applicant's Merit	If you accept this position, a summary of your merit (including work history, qualifications, experience, skills, etc.) will be provided to other applicants to enable transparency and understanding of the decision. For further information see: Click Here		
Organisational Context			
Territory Generation is a Government Owned Corporation that was formed in 2014. We produce the majority of the electricity to provide power to the people of the Northern Territory. Our vision is to be the Northern Territory's trusted and respected energy services business. Our actions, words and behaviours are guided by a core set of values that form the foundation of everything we do. Our values are Focus, Integrity, Respect, Safety and Teamwork (FIRST) . We recognise that individually, our employees offer unique value and perspective and we are committed to a workplace that supports people from all backgrounds.			
Employee Responsibilities			
You work as part of a team to safely and efficiently meet your agreed objectives which contribute to the shared vision for Territory Generation. You actively demonstrate the organisation's values and take accountability for your performance and behaviour. Key responsibilities include:			
Focus	• Demonstrates an awareness of the Vision and objectives of the Corporation. • Develops individual objectives and, where requested by direct supervisor, adjusts priorities to the needs of the business. • Tracks own performance in line with objectives on a regular basis. • Actively participates in performance reviews and feedback processes. • Remain self-disciplined and calm under pressure.		
Integrity	• Demonstrate the organisation's values. • Conduct business in line with the values and high ethical standards – considers values in business interactions; • Ensures compliance with legal, governance and policy requirements; • Deliver on commitments – where commitments cannot be delivered on, communicates openly and honestly and sets new timelines for delivery.		
Respect	• Takes accountability and responsibility for own actions; • Readily shares knowledge and expertise with others; • Actively supports the team and organisational goals; • Treats change and new situations as opportunities for learning and growth.		
Safety	• Demonstrates safe working behaviours in order to achieve an incident free and safe workplace; • Develops personal safety objectives; • Challenges unsafe behaviours from team mates; • Monitors and takes ownership of own safety performance.		
Teamwork	• Helps team mates feel valued and included in discussions; • Places higher priority on team than individual goals; • Shares important or relevant information with team or other affected stakeholders in a timely manner; • Speaks positively of team mates and other employees; • Focuses on personal growth and addresses development gaps which will help the achievement of performance goals.		

Role Responsibilities	
You will provide operational leadership to Channel Island and Weddell Power Station's Mechanical maintenance team in the preventative and corrective maintenance of the station's assets in support of the safe, efficient, reliable, and sustainable generation of power. Your accountabilities include: 1. Provide operational leadership to the mechanical maintenance team of the station including leading the identification, investigation, and rectification of plant defects. 2. Manage the planning and resourcing of maintenance programs and activities. 3. Direct, undertake or supervise work as necessary to maintain the safety of personnel on the site and to ensure the safe, reliable, and efficient operation of the power station plant. 4. Ensure preventative maintenance work scopes and schedules are refined and improved to achieve high reliability and availability 5. Coordinate the recruitment, training and assessment of new OMT employees and apprentices. 6. Carry out duties in accordance with Territory Generation's safety, environmental and quality policy, safety principles, corporate values and strategies.	
Selection Criteria	
Essential	
1. Relevant AQF Cert III (trade) mechanical qualifications or equivalent skills, knowledge and experience. 2. Type B Class Gas Licence (or the ability to obtain Type B Class gas licence) 3. Demonstrated ability to supervise and lead a team to achieve the desired outcomes. 4. Demonstrated ability in long and short term planning for asset management and maintenance, preferably with computer based maintenance and management systems. 5. Good written and oral communication skills and an ability to interact effectively with people of diverse cultures and organisational backgrounds. 6. Demonstrated abilities at a supervisory level in occupational health and safety, quality assurance, continuous improvement, and environmental management. 7. Good personal organisation and professionalism with the ability to prioritise and manage competing demands and deliver outcomes. 8. Have or be able to obtain an NT driver's licence and participate in an on call roster. 9. Ability to carry out duties in accordance with Territory Generation's safety, environmental and quality policies and corporate values and strategies.	
Desirable	
1. Relevant post trade qualifications 2. Extensive experience in large scale heavy industry environments. 3. Experience with Industrial Gas Turbines, preferably in a Power Generation Environment.	
REVIEW / AUTHORISATION	
The successful applicant will be required to provide a national police check. A criminal history will not exclude an applicant from this position unless it is a relevant criminal history. The preferred candidate is required to undertake a pre-employment medical and employment is conditional on the outcome. For further information, please contact Matt Mills, A/Maintenance Group Manager on 0487 469 024
